

## VantageLM Inc. Announces Investment by Momentum Venture Management

-- Momentum Principal Andy Wilson to Serve as Interim CEO --

**PASADENA, Calif., Feb. 20, 2008** – VantageLM Inc. ([www.vantageilm.com](http://www.vantageilm.com)), a provider of integrated lender/leasing management solutions for finance firms, banks, leasing companies and credit unions, today announced a capital investment by Momentum Venture Management ([www.mvmpartners.com](http://www.mvmpartners.com)), a Los Angeles company that helps entrepreneurs transform their technologies into viable, well-funded businesses. In addition to the funding round, Momentum Venture Management Managing Director Andy Wilson has been appointed as VantageLM's interim CEO.

"For the past two years, VantageLM has been on the fast track developing one of the most powerful lender management solutions available today," said Robert Yuan, president of VantageLM. "We've designed a one-stop solution for lender management with a software platform that puts every function of the loan and lease process into one easy-to-use platform. As VantageLM continues its fast-growth trajectory, Momentum Venture Management, and Andy's experience specifically, will help guide us to help ensure our vision for success becomes a reality."

"We feel that VantageLM is well positioned for its next stage of growth," Wilson said. "The company plays a vital role in the loan market because it simplifies the lender-management process better than anything else on the market. In addition, its model - hosted software delivered via a SaaS model - is one that we feel has enormous potential because it gives users the best of both worlds in terms of speed, security and ease of use. Our goal is to take this great technology and approach and help build a path to long-term commercial success."

VantageLM ([www.vantageilm.com](http://www.vantageilm.com)) is an on-demand next-generation integrated loan/lease management software platform that puts origination, servicing, collections, recovery management, asset management, document management and accounting into one platform. Designed to handle all types of loans and leases, VantageLM addresses the intricacies and nuances of managing sub-, non-, and prime loans and portfolios for the entire life of the loan and the entire operations of a lender. Built by finance experts from the ground up, VantageLM is flexible and highly configurable and allows users to directly plug into the workflow a wide variety of key external data providers and systems, including credit bureaus, valuation services, identity verification and payment processors, among others. The company aims to empower lenders by offering a flexible and scalable platform that provides a high level of transparency and advanced workflow automation, all of which ease training, eliminates errors, improves communications and provides world-class, best-practice tools for portfolio analytics, risk management and operations control.

Momentum Venture Management is a Los Angeles-based firm that helps early-stage companies achieve early business results and develop credibility in order to get funding and transform their ideas, technologies and products into sustainable, successful businesses.
